# Introduction to Lupin Supplier Registration Process

Lupin has implemented SAP Ariba Supplier Lifecycle and Performance (SLP).

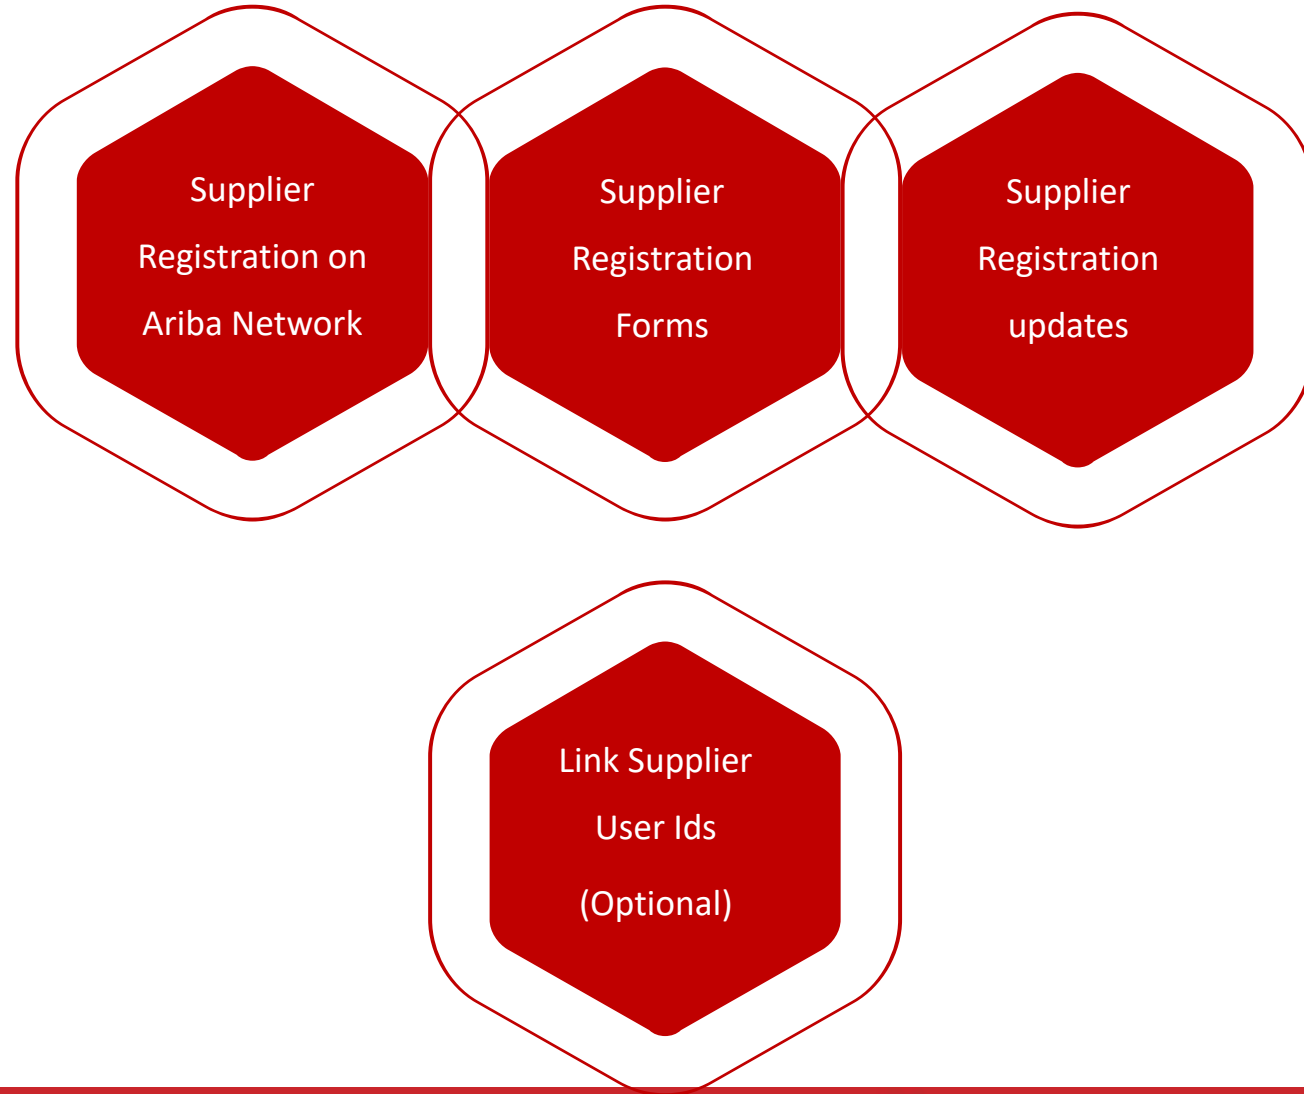

Sap Ariba SLP is a solution with a set of linked processes for managing suppliers from on boarding to qualification to preferred supplier management to disqualification.

Lupin Buyer initiates the Supplier Request and invites Supplier for registration on Ariba Network by sending the Supplier Registration forms.

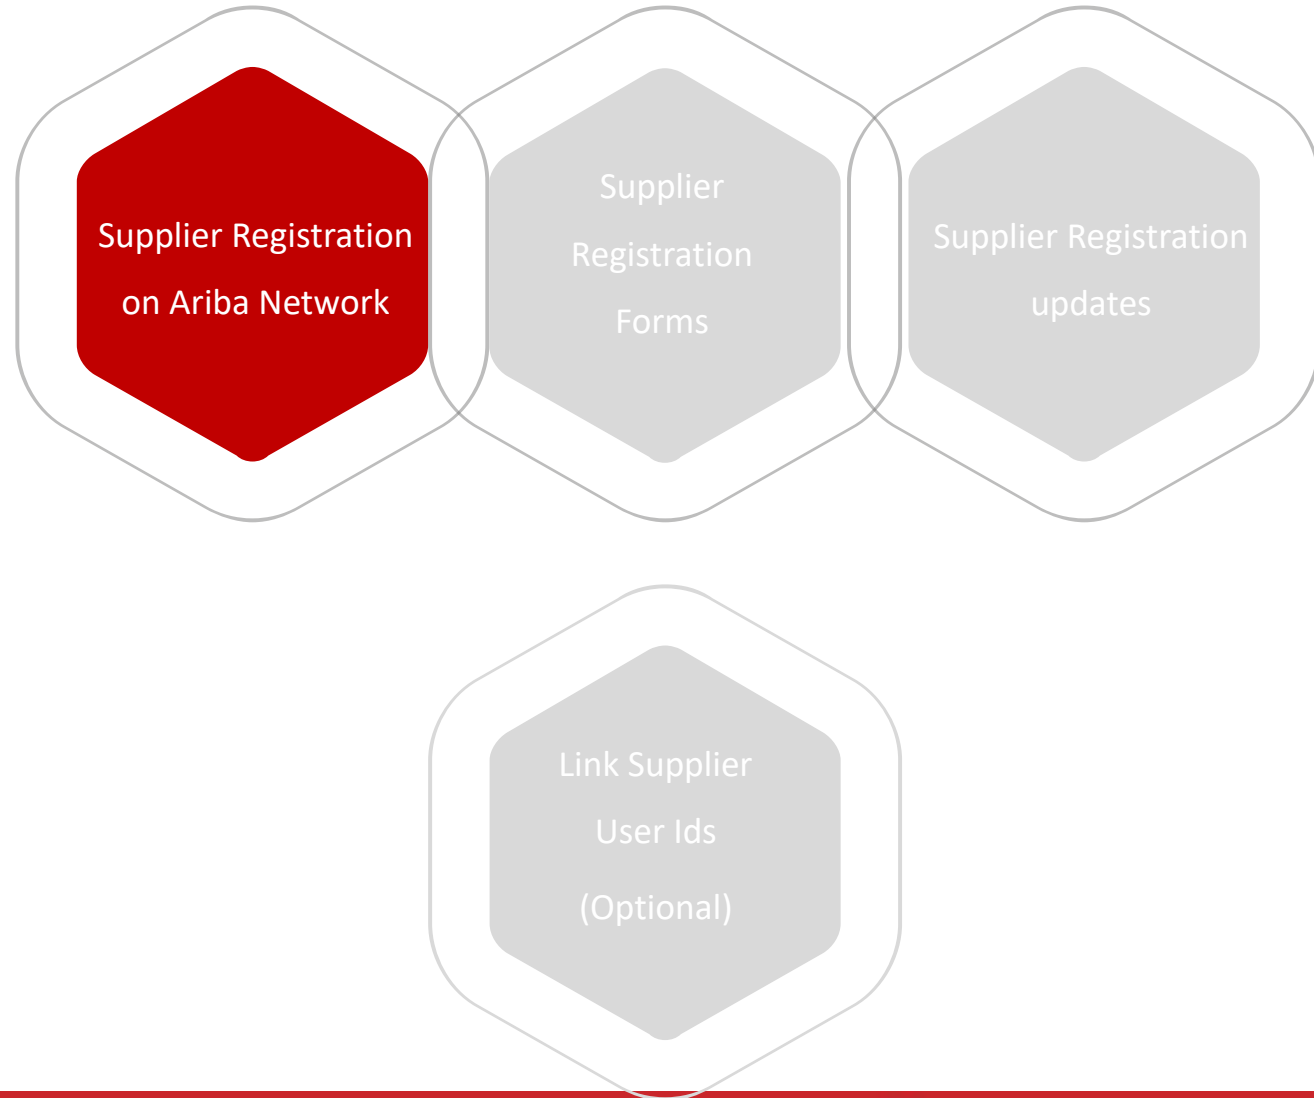

Supplier accesses Ariba Network, fills and submits the registration. After review and approval of forms, supplier is registered at Lupin.

# Invitation to become Supplier with Lupin

## Register as a supplier with Lupin Limited - TEST

Hello!

isha.taneja has invited you to register to become a supplier with Lupin Limited - TEST. Start by creating an account with Ariba Network. It's free.

Lupin Limited - TEST uses Ariba Network to manage its sourcing and procurement activities and to collaborate with suppliers. If Omega Test already has an account with Ariba Network, sign in with your username and password.

*Kindly Note the following before clicking on the link below:*

1. If you are not responsible or the intended recipient in the Organisation for filling out the details, kindly forward the email to the responsible person.
2. Kindly double check if your organisation already has an account on Ariba Network, if so, please click on 'Log in' link displayed after you click on the link below.

[Click Here](#) to create account now

If you have questions about this invitation, kindly contact isha.taneja via e-mail at [isha.taneja@lupin.com](mailto:isha.taneja@lupin.com)

We look forward to working with you!

Thank You,

1. Invitation Email is Received by the Supplier to register with Lupin.
2. "Click here" to create account on Ariba Network

Forward the email to the required recipient, who is responsible for creating supplier account and filling the registration questionnaire on behalf of the supplier.

(Examples:

- 1) If Trader will be registering for a new manufacturer then email can also be forwarded to manufacturer contact if required.
- 2) For Doctor's account creation, email can be forwarded to the medical Representative working with the doctor and can fill the Lupin registration forms on behalf of the doctor).

## About Ariba Network

The Ariba Network is your entryway to all your Ariba seller solutions. You now have a single location to manage all of your customer relationships and supplier activities regardless of which Ariba solution your customers are using. Once you have completed the registration, you will be able to:

- Respond more efficiently to your customer requests
- Work more quickly with your customers in all stages of workflow approval
- Strengthen your relationships with customers using an Ariba Network solution
- Review pending sourcing events for multiple buyers with one login
- Apply your Company Profile across Ariba Network, Ariba Discovery and Ariba Sourcing activities

Moving to the Ariba Network allows you to log into a single location to manage:

If Supplier is a Trader, and will be registering for a new manufacturer then use the Sign Up option for creating an account on behalf of Manufacturer.

1. If the supplier is new to Ariba Network, then the supplier needs to “Sign up” on the Ariba Network by filling the basic details of the company.
2. If the supplier is already registered on the Ariba Network, then the supplier can directly “Log In” with the existing credentials.

# Welcome Mail from Ariba Network Post Registration

## Welcome to the Ariba Commerce Cloud

Your registration process on the Ariba Commerce Cloud for Omega Test is now complete.

Your organization's account ID: **AN01431816922-T**

Your username: [testemail@omega.com](mailto:testemail@omega.com)

As the account administrator for this account, make sure to keep your username and password in a secure place. Do not share this information.

If you registered after receiving an invitation from an Ariba On Demand Sourcing buyer, you can now access and participate in the buyer's sourcing events. The Seller Collaboration Console provides a centralized location for you to manage all your Ariba On Demand Sourcing events and buyer relationships.

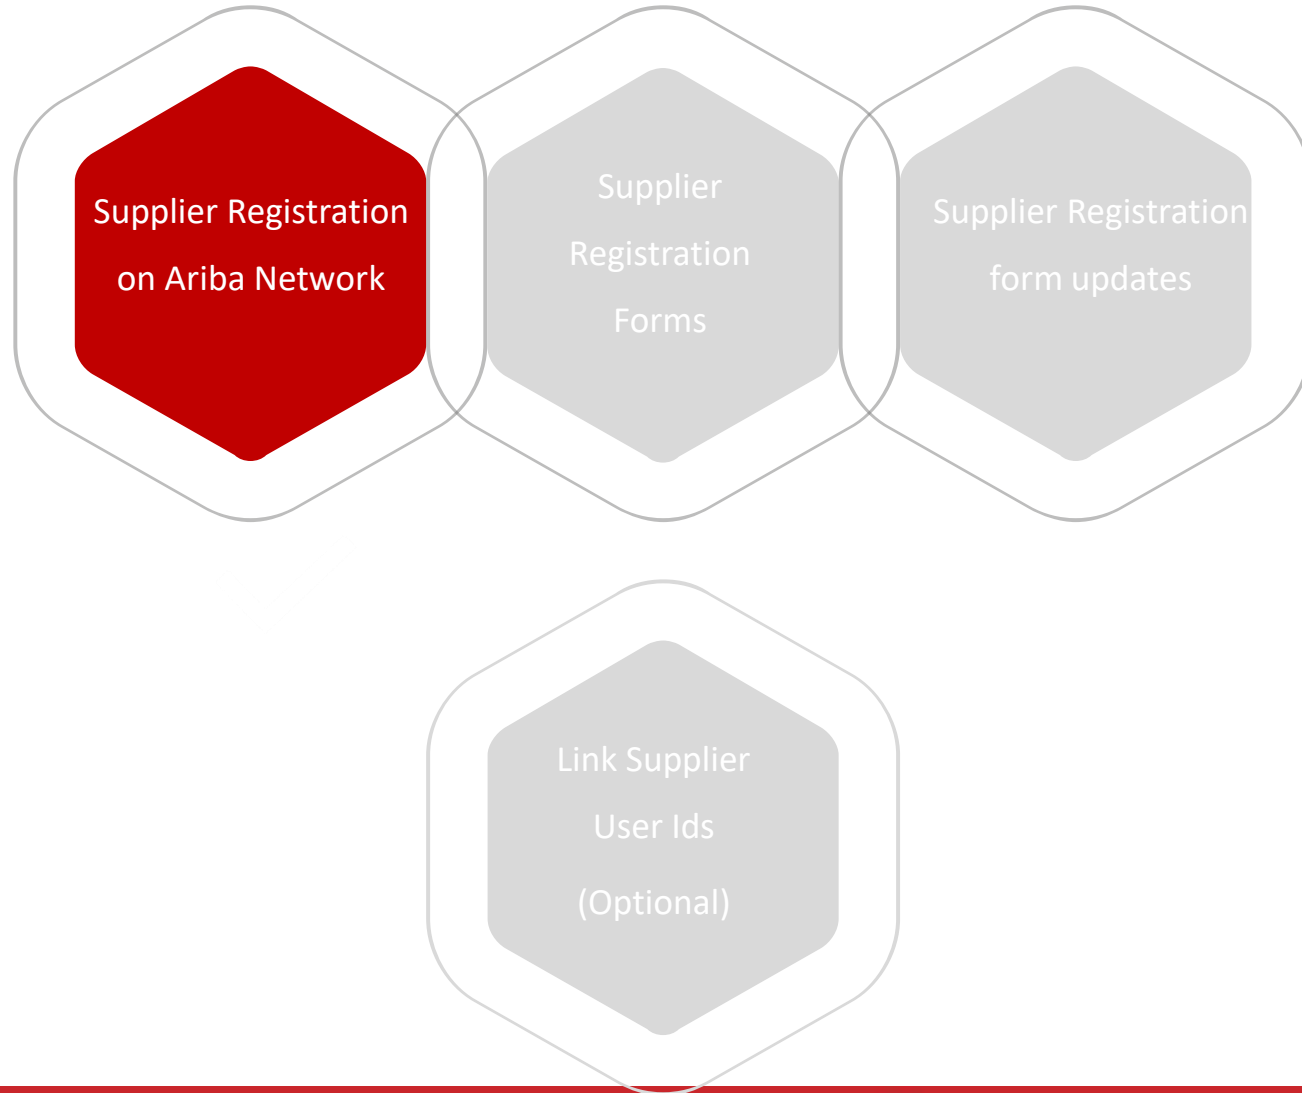

Ariba On Demand Sourcing buyers might request that you complete additional profile information as part of their Supplier Profile Questionnaire. When you access customer requested fields for a specific buyer, you will see a pop-up page with that buyer's name; that page contains the buyer's customer requested fields.

You can immediately perform administrative and configuration tasks such as creating users and completing your company profile. If account administration is not part of your job responsibility, you can transfer the administrator role at any time to another person in your organization whose responsibilities are more in line with account administration.

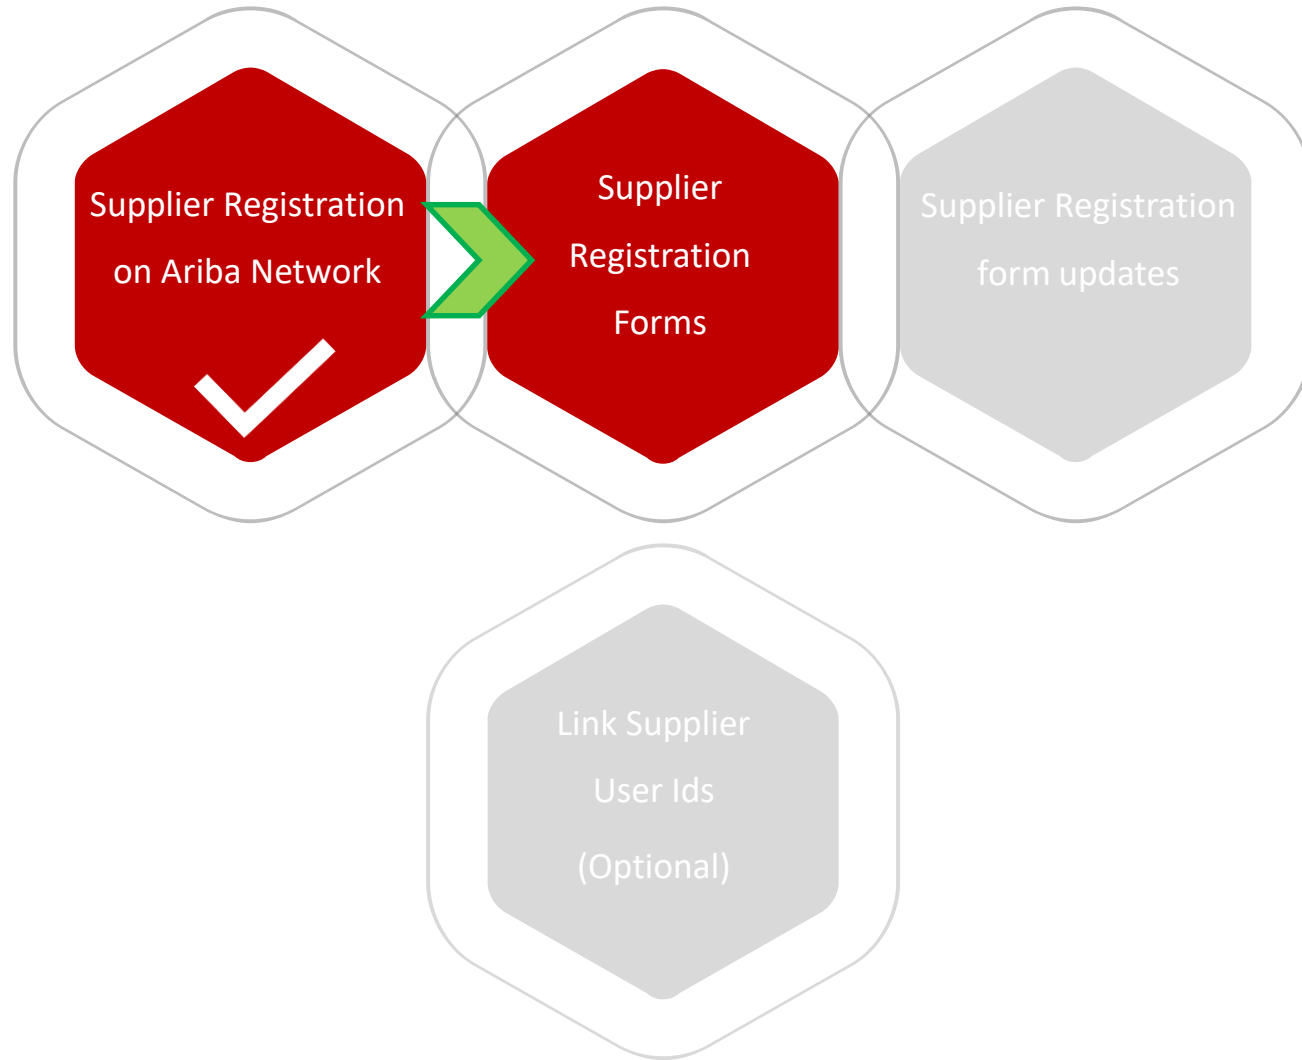

Email received by supplier representative after submitting the sign up information.
